AUTISM AWARENESS

Autism Awareness. In August 24-25, 2019, representatives from the Handara Team traveled to Jakarta to volunteer at the Special Kids Expo, an event dedicated to Autism Awareness in Indonesia. The expo, held at the Jakarta Convention Center, aimed to support children with special needs such as Autism, ADHD, ADD, and other learning difficulties.

The objective was to help these children and their families by maximizing their potential, addressing learning challenges, and providing assistance with their diet and other needs. As part of our contribution, the Handara Team organized a free children's golf activity, which garnered an enthusiastic response. We were delighted to see over 60 kids excited to participate in this activity. Through our involvement in the expo, we aimed to raise awareness about autism and other special needs, while also providing an enjoyable experience for the children.
