

## COMMUNITY JUNIOR GOLF PROGRAM

We express our heartfelt gratitude to the Jester Group for their unwavering support of the Handara Community Junior Golf Program. Their generous donations have made a significant impact on the lives of young children in the Handara vicinity, enabling them to learn golf, English language skills, and important life skills. It is with great pride that we share the remarkable progress of some of these children in the field of golf. One exceptional individual, only 11 years old, has received support from PGI (Golf Indonesia), while several others have consistently emerged as winners in junior competitions across Bali.

This success can be attributed to the excellent coaching provided by Handara club Pro, Komang, and their innate talent, reflected in their impressive golf swings. Although external competitions have been temporarily postponed due to the ongoing Covid situation, we remain hopeful that they will resume soon. Participating in wider competitions will undoubtedly contribute to the holistic development of these young golfers in numerous ways. The support from Jester Group, Ian Wedding, and all members of Handara Golf Resort has been instrumental in nurturing their talents and fostering their growth. Once again, we extend our sincere appreciation to the Jester Group for their continuous support, which has made a profound difference in the lives of these aspiring young golfers.
