

## YAYASAN PEDULI ANAK KANKER BALI

We are grateful to have partnered with Yayasan Peduli Anak Kanker Bali, a non-profit organization in Bali that offers extensive support to children battling cancer both emotionally and financially. As part of our CSR Program, we had the opportunity to visit the Yayasan of Kasih Anak Kanker Bali. The organization is dedicated to assisting children with cancer who may not have the means to afford their necessary medications. To contribute to their cause, we provided support in the form of a cash donation, aiming to help alleviate the financial burden on these brave children and their families.
